E. Forms

Name	Korean Terminology	Comment
Taegeuk 3 (Green Belt)	Taegeuk Sam-Jang	<i>* Symbolizes Fire - This form represents fire & sun, and their characteristics of warmth, enthusiasm and hope. Like fire, this form is filled w/ changing bursts of power connected with a continuous flow of motion.</i>
Palgwe 3 (Green Belt)	Pagwe Sam-Jang	<i>* Concept of Fire (Ri) - It is symbolic of one's passion, flickering and flaring at different intervals, and engulfing everything in its path. From this hyung the practitioner learns to develop a multitude of quick, successive techniques.</i>
Taegeuk 4 (Green Belt Advanced)	Taegeuk Sa-Jang	<i>* Symbolizes Thunder - Thunder, combined with lighting, evokes fear and trembling but reminds us that danger, like thunderstorm, passes as suddenly as it comes, leaving blue sky, sunshine, and rain freshened air in its wake. It teaches to act calmly and bravely in the face of loud and terrifying dangers, real or imagined, knowing that they, too, will pass.</i>
Palgwe 4 (Green Belt Advanced)	Palgwe Sa-Jang	<i>* Concept of Thunder (Jin) - Thunder evokes fear in many people, and this hyung uses this principle to teach the practitioner to be calm, even in the face of impending danger. This form also combines strikes and blocks in such a manner that they instantly follow each other, similar to the relationship of thunder and lighting.</i>
